CAMILLUS®

COLLECTIBLES

New CAMILLUS Treasures For Your Collection!

U.S. Army D-Day Commemorative
FOURTH IN THE SERIES

The first assault wave hit the Normandy beaches at 6:30 a.m. on June 6, 1944. British and American soldiers would confront a moment none would forget as their landing craft chugged toward the waiting shores.

More than two years had been put into the build-up for the Allied assault on Hitler's Fortress Europe, and when it came, it would truly become "the longest day" - D-Day.

Camillus built millions of knives for American servicemen in World War II, and our World War II Commemorative Series (begun in 1990) recalls those fighting knives and celebrates the dedication,valor and sacrifice of America's servicemen.

USAR2

- 11 ½" overall length
- 6 9/16" blued blade with 18K Gold etch of Normandy Landing
- 18K Gold Plated guard and butt
- Stained genuine leather handle
- Solid oak display case with brass plaque

CamilluS ClassiC CartridgE™ .257 Roberts

The commercial version of the .257 Roberts was released by Remington in 1934. Based on the 7x57 mm Mauser, necked down to .257, The Roberts is often referred to as "the most useful rifle cartridge ever developed".

The .257 Roberts is the fourth classic cartridge to be commemorated in the CAMILLUS CLASSIC CARTRIDGE™ series of limited edition knives

CCC4

- 440 stainless steel blades
- Clip blade with etch - pile side: .257 Roberts cartridge, mark side "CAMILLUS CLASSIC CARTRIDGE"
- 3 ¾" clip blade
- 2 5/8" pen blade
- 5 5/16" length closed (9 ½" open)
- Genuine jigged bone handles
- Nickel silver bolsters
- Nickel silver pivot pins
- Authentic .257 Roberts cartridge head shield with inert primer
- Two-blade banana jack pattern

Camillus Rimfire Classic 22LR3

THIRD IN A SERIES

The .22 Long Rifle, developed in 1887, is one of the most popular cartridges in existence. Its popularity for match shooting and small game hunting is undiminished.

Camillus creates a handsome tribute to this favorite American rimfire cartridge, with the **Rimfire Classic 22LR3** - third in the series.

22LR3

- 3 ½" length closed (7" open)
- 440 stainless steel blades
- 1 ¾" sheepfoot blade - etched "Rimfire Classic"
- 1 ¼" pen blade
- Cabone Delrin® handle
- Brass bullet shield, bolsters and pins

CAMILLUS®

In 1876 America was bursting with opportunity for any industrious person who chose to work hard. This was the intention when Adolph Kastor founded his hardware company.

By the time World War I broke out, Kastor's company had evolved into one of the world's major cutlery manufacturers, making over a million knives a year.

Today, that company, Camillus Cutlery, is America's oldest continuous knife manufacturer. And today, the grandchildren and great granchildren of Mr. Kastor's cutlers continue to build our unmatched tradition - one knife at a time.

We're proud of Camillus Cutlery's remarkable history. We're proud of the many superb knives we've made for sportsmen, collectors and the American, British and Canadian militaries. We're proud of our hundreds of innovations. But perhaps we're most proud of what hasn't changed. Craftsmanship. Timeless style. Top-quality 100% American-made knives. And the unbeatable value that our unique depth of experience lets us deliver to our customers. And, of course, all backed by a lifetime warranty - as it should be.
